

## **RESOLUTION NO. 2025 - 2**

### **A RESOLUTION ESTABLISHING RATES, FEES AND CHARGES FOR THE SOUTH DURANGO SANITATION DISTRICT.**

**WHEREAS**, the South Durango Sanitation District (the “District”) is a quasi-municipal corporation and political subdivision of the State of Colorado organized pursuant to the Colorado Special District Act, C.R.S. §32-1-101, *et seq.* (the “Act”); and

**WHEREAS**, the District owns and operates a wastewater collection and treatment system (the “Wastewater System”); and

**WHEREAS**, the Act authorizes the Board of Directors (the “Board”) to adopt and from time to time increase or decrease rates, fees, toll and charges for the services provided by the District; and

**WHEREAS**, for the purposes of measuring and assessing the cost of service for various uses the Board has established an Equivalent Residential Tap (ERT) representing the typical sewage flow originating from a single-family home, mobile home, condominium, townhouse, or other dwelling unit; and

**WHEREAS**, the District has previously established that one (1) ERT is based on 180 gallons per day flow, a five-day average BOD<sub>5</sub> of 250 mg/l and 250 mg/l total suspended solids; and

**WHEREAS**, the engineer to the District has advised the Board that changes in average wastewater characteristics require adjusting the ERT parameter for BOD<sub>5</sub> 300 mg/l; and

**WHEREAS**, the approved 2024 Master Plan for the District has identified future capital needs for replacements and improvements to the District’s Wastewater System necessary to meet all current and projected standards for wastewater treatment; and

**WHEREAS**, the Master Plan includes a financial model which projects the revenue requirements from user fees and Plant Investment Fees (tap fees) that will be necessary to meet future operating and capital financial demands; and

**WHEREAS**, the Board has reviewed the financial model and has determined that increases in user fees and plant investment fees are necessary to meet future operating and capital financial requirements; and

**WHEREAS**, at least 30 days prior the consideration of this resolution a notice was posted on the District website of a public hearing to consider an increase for rates, fees, tolls, and charges for the District; and

**WHEREAS**, the rates, fees, tolls, and charges adopted by this resolution are appropriate and necessary.

**NOW THEREFORE, BE IT RESOLVED BY THE BOARD OF DIRECTORS OF THE SOUTH DURANGO SANITATION DISTRICT:**

1. The schedule of fees set forth on Exhibit A shall be adopted.
2. The fees on Exhibit A shall be effective on January 1, 2026.
3. Monthly user fees for new service shall be billed as follows:

A. Single family residential service user fee billing shall commence on the 4<sup>th</sup> month after payment of the Plant Investment Fee.

B. Commercial projects user fee billing shall commence on the 12<sup>th</sup> month after payment of the Plant Investment Fee.

4. The Board of Directors of the District hereby finds and declares that adoption of the increased rates set forth herein is necessary for the health, safety and welfare of the residents and customers of the District and its continued financial stability.

5. All sections of any prior resolutions establishing fees contrary to those set forth herein are hereby repealed, but only to the extent necessary to conform to the fees established herein.

Adopted this 20th day of November 2025.

The foregoing table shall serve as a **general guide** for establishing an ERT for commercial uses. When other data is available to determine actual flows, the District will analyze such information and establish an ERT which accurately represents the anticipated flows for a particular use. The flow and concentration values for such analysis are to be measured or determined based on the average for the peak month during a calendar year. Any type of use not specifically listed shall not be permitted unless authorized by the District following a review of all pertinent information.

When determining the ERT number for any use, the following general guidelines will apply:

1. All persons desiring to obtain or required to obtain sewage treatment from the District shall make application for service on forms provided by the District. Failure to accurately describe the proposed use or furnish any requested information shall be cause for denial or suspension of service.
2. All users shall be charged a minimum of 1 ERT.
3. Seasonal use rates, for commercial establishments only, may be permitted by the District when non-use exceeds three months.
4. Whenever interpretation of the above table or data provided by an applicant for service could result in different ERTs, the higher ERT shall be charged.
5. **All customers receiving service from the District agree upon request to furnish copies of monthly water bills to confirm usage.**
